KVB ACNE BOOTCAMP PROGRAM

We've designed a studio where you can feel more confident and hopeful; where you can have a resource to guide you to clearer, healthier skin! We know the struggle you've had with your skin. You may have tried many things in the past to manage your acne but you're still breaking out.

Our Acne Program is designed to put your skin on the fast-track to clear. No one-size-fits all products, no quick-fix "magical cure" claims, and no prescriptions that leave your skin dry and irritated. Our Estheticians are trained and certified as Acne Specialists and will partner with you to design your in-clinic Treatment Plan and Home Care Plan, with products that are customized to your skin type and sensitivities. Your Acne Specialist will educate you on why your skin is breaking out, how you can heal your skin, and will give you the tools and support to manage your acne-prone skin.

Semi-Permanent Makeup

Microblading with Perfecting Session / \$550

A semi-permanent cosmetic that uses hair-thin strokes to provide a client with optimal shape, color, density, and thickness of brows based on their personal preferences and what is complimentary to their face. This provides a very natural look compared to permanent cosmetics and/or tattooing. Perfecting session is included which takes place 4-6 weeks after the initial appointment. At the perfecting session we will talk about if the client wishes to make any changes in regards to color, thickness, density etc. We will then touch up the brows according to those preferences.

Microblading - Color Boost / \$250

Follow-up service to microblading. A color boost is for those clients who want to darken their microbladed brows. This is a personal preference. Clients that return for this service typically do so within 6-8 months from their perfecting session.
